

The Secret of POINT ZERO

Trail Map

Rumour has it there is a secret hidden in the City of Perth. We've code-named it Point Zero. To discover this secret, we need a clever team of investigators to follow the clues and crack the code.

Your mission, should you choose to accept it, is to find the 12 hidden coded messages in our City's streets – each one on a blue plaque set in the ground.

To discover the secret of Point Zero, you need to decode all the messages.

Follow the trail map

We've put together a map to help you along the way. You'll find each blue plaque in the locations shown below.
